PEGGY SELECTED TO JOIN INNOVATIVE INTERNATIONAL REAL ESTATE NETWORK

Peggy of 413 CONSULTING SERVICE is the newest member of barbara's inner circle, the international real estate network that's changing the face of the real estate business in the U.S. and abroad.

Barbara's inner circle is the latest innovation by Barbara Corcoran, founder and former owner of New York City's Corcoran Group. As the regular real estate contributor on The TODAY Show on NBC, Barbara has become America's real estate expert, welcomed into living rooms across the country where her real estate know-how and disarming style bring viewers a wealth of knowledge delivered in common sense language.

"I'm wild about my new concept and very excited to have Ellis joining us," said Barbara. "She's just the kind of savvy broker I most admire. I'm so proud to have her as a member of our team!"

As a select member of barbara's inner circle, Peggy now has access to an international community of the best brokers in the world and the ability to post, promote and cross-market among them. Ellis can also access Barbara's up-to-the-minute marketing tips for homeowners, and, perhaps most importantly, has Barbara's own personal endorsement. Invitation to join Barbara's network is selective and membership signifies a high level of professionalism, dedication and ability.
